Sample 1 · Six Languages, My Own AI Voice

Travel story | My own AI voice, with consent | 6 languages

ENGLISH · ORIGINAL

There's a moment on every trip when you stop being a tourist. Maybe it's the smell of coffee in a tiny café, or a stranger who smiles and points you the right way. Suddenly, you're not just visiting a place. You're part of it. And that's the moment you'll remember forever.

GERMAN

Auf jeder Reise gibt es einen Moment, in dem du aufhörst, ein Tourist zu sein. Vielleicht ist es der Duft von Kaffee in einem winzigen Café, oder ein Fremder, der lächelt und dir den richtigen Weg zeigt. Plötzlich besuchst du einen Ort nicht nur. Du bist ein Teil davon. Und genau an diesen Moment wirst du dich für immer erinnern.

PORTUGUESE (BRAZIL)

Em toda viagem, existe um momento em que você deixa de ser turista. Talvez seja o cheiro de café numa cafeteria pequenininha, ou um estranho que sorri e te mostra o caminho certo. De repente, você não está apenas visitando um lugar. Você faz parte dele. E esse é o momento que você vai lembrar para sempre.

INDONESIAN

Di setiap perjalanan, ada satu momen ketika kamu berhenti menjadi turis. Mungkin karena aroma kopi di sebuah kafe kecil, atau orang asing yang tersenyum dan menunjukkan jalan yang benar. Tiba-tiba, kamu bukan sekadar mengunjungi sebuah tempat. Kamu menjadi bagian darinya. Dan itulah momen yang akan kamu ingat selamanya.

ITALIAN

In ogni viaggio c'è un momento in cui smetti di essere un turista. Forse è il profumo del caffè in un piccolo bar, o uno sconosciuto che ti sorride e ti indica la strada giusta. All'improvviso, non stai solo visitando un luogo. Ne fai parte. Ed è quel momento che ricorderai per sempre.

KOREAN

모든 여행에는 더 이상 관광객이 아니게 되는 순간이 있어요. 작은 카페에서 풍기는 커피 향일 수도 있고, 미소 지으며 길을 알려주는 낯선 사람일 수도 있죠. 갑자기, 당신은 그곳을 그냥 방문하는 게 아니에요. 그곳의 일부가 되는 거죠. 그리고 그 순간을 평생 기억하게 될 거예요.

Sample 2 · Online Course Dubbing

Finance lesson | Professional tone | Consistent terminology

ENGLISH · ORIGINAL

Welcome back to the course. In this lesson, we'll talk about the three rules of smart investing. Rule number one: start early. Even small amounts grow over time, thanks to compound interest. Rule number two: diversify. Don't put all your money into one stock or one market. Spread it across different assets to reduce risk. And rule number three: be patient. Markets go up and down, but long-term investors who stay consistent usually come out ahead. In the next lesson, we'll build your first simple portfolio, step by step.

GERMAN

Willkommen zurück zum Kurs. In dieser Lektion sprechen wir über die drei Regeln des klugen Investierens. Regel Nummer eins: Fang früh an. Selbst kleine Beträge wachsen mit der Zeit, dank des Zinseszinseffekts. Regel Nummer zwei: Diversifiziere. Steck nicht dein ganzes Geld in eine einzige Aktie oder einen einzigen Markt. Verteile es auf verschiedene Anlagen, um das Risiko zu senken. Und Regel Nummer drei: Sei geduldig. Die Märkte gehen auf und ab, aber langfristige Anleger, die konsequent bleiben, schneiden meistens besser ab. In der nächsten Lektion bauen wir Schritt für Schritt dein erstes einfaches Portfolio auf.

PORTUGUESE (BRAZIL)

Bem-vindo de volta ao curso. Nesta aula, vamos falar sobre as três regras para investir com inteligência. Regra número um: comece cedo. Mesmo valores pequenos crescem com o tempo, graças aos juros compostos. Regra número dois: diversifique. Não coloque todo o seu dinheiro em uma única ação ou em um único mercado. Distribua entre diferentes ativos para reduzir o risco. E regra número três: tenha paciência. Os mercados sobem e descem, mas investidores de longo prazo que mantêm a consistência geralmente saem na frente. Na próxima aula, vamos montar a sua primeira carteira simples, passo a passo.

INDONESIAN

Selamat datang kembali di kursus ini. Dalam pelajaran ini, kita akan membahas tiga aturan berinvestasi dengan cerdas. Aturan nomor satu: mulailah sejak dini. Bahkan jumlah kecil pun bisa tumbuh seiring waktu, berkat bunga majemuk. Aturan nomor dua: lakukan diversifikasi. Jangan taruh semua uangmu di satu saham atau satu pasar saja. Sebarkan ke berbagai aset untuk mengurangi risiko. Dan aturan nomor tiga: bersabarlah. Pasar bisa naik dan turun, tetapi investor jangka panjang yang tetap konsisten biasanya akan unggul. Di pelajaran berikutnya, kita akan menyusun portofolio sederhana pertamamu, langkah demi langkah.

Host	Welcome back to The Wander Talk! Today I'm here with Maya, who just came back from three months of solo travel. Maya, first question: was it scary?	Willkommen zurück bei The Wander Talk! Heute ist Maya bei mir, die gerade von drei Monaten Alleinreise zurückgekommen ist. Maya, erste Frage: War es beängstigend?	Bem-vindos de volta ao The Wander Talk! Hoje estou aqui com a Maya, que acabou de voltar de três meses viajando sozinha. Maya, primeira pergunta: deu medo?	Selamat datang kembali di The Wander Talk! Hari ini aku bersama Maya, yang baru saja pulang dari tiga bulan traveling sendirian. Maya, pertanyaan pertama: apakah itu menakutkan?
Maya	Honestly? The first night, yes. I was in a tiny hostel in Lisbon, I didn't know anyone, and I almost booked a flight home.	Ehrlich gesagt? In der ersten Nacht, ja. Ich war in einem winzigen Hostel in Lissabon, kannte niemanden und hätte fast einen Flug nach Hause gebucht.	Sinceramente? Na primeira noite, sim. Eu estava num hostel minúsculo em Lisboa, não conhecia ninguém e quase comprei uma passagem de volta pra casa.	Jujur? Malam pertama, iya. Aku menginap di hostel kecil di Lisbon, nggak kenal siapa pun, dan hampir saja memesan tiket pulang.
Host	No way! So what changed?	Echt jetzt? Und was hat sich geändert?	Não acredito! E o que mudou?	Serius? Terus, apa yang berubah?
Maya	A girl in my room invited me to dinner. By the end of the night, there were six of us, from five different countries. That's when I realized: you're never really alone when you travel.	Ein Mädchen aus meinem Zimmer hat mich zum Abendessen eingeladen. Am Ende des Abends waren wir zu sechst, aus fünf verschiedenen Ländern. Da wurde mir klar: Auf Reisen ist man nie wirklich allein.	Uma garota do meu quarto me chamou pra jantar. No fim da noite, éramos seis pessoas, de cinco países diferentes. Foi aí que eu percebi: você nunca está sozinho de verdade quando viaja.	Seorang cewek di kamarku mengajakku makan malam. Di akhir malam, kami jadi berenam, dari lima negara yang berbeda. Saat itulah aku sadar: kamu nggak pernah benar-benar sendirian saat traveling.
Host	I love that. Okay, best food of the whole trip?	Das liebe ich. Okay, das beste Essen der ganzen Reise?	Amei isso. Tá, a melhor comida da viagem toda?	Aku suka itu. Oke, makanan terbaik selama perjalanan?
Maya	Easy. Street noodles in Bangkok. One dollar, and I still dream about them.	Ganz einfach. Straßennudeln in Bangkok. Ein Dollar, und ich träume immer noch davon.	Fácil. Macarrão de rua em Bangkok. Um dólar, e eu ainda sonho com ele.	Gampang. Mi pinggir jalan di Bangkok. Satu dolar, dan aku masih memimpikannya.
